

FUZE™

Fuze inaugurates a new generation of easy access luggage. Its name draws inspiration from the meaning of the verb /fju:z/, literally joining the best of innovative hardside and softside technology into one. Its moulded frame ensures thorough protection along with stable and smooth rolling, while the soft panels enable great flexibility both through the expandability gusset and practical, outside pockets. More specifically on the 2 cabin sizes, this innovative approach has led to a new dimension of easy access cabin luggage, offering both a spacious front and back pocket. To top it off, Fuze's great functionality also comes with a supreme look, including bespoke hardware detailing and a premium colour palette, embracing a new, funky Cobalt Blue.

- Protective, innovative moulded hardside frame.
- Easy access cabin luggage with spacious lockable front pocket (including integrated tablet pocket) and back pocket.
- Essential cabin and check-in sizes, including XL-size Spinner 82.
- Practical split case packing system (50/50) for all sizes.
