

VIVOTEC™

The super light and ultra strong suitcase fusion has arrived! Our innovative Vivotec range surprises with a stunning, contemporary design inspired by nature. Manufactured with PressPro® Technology, the wave inspired ridges add extra strength without the need for thicker exterior shells, resulting in a colourful and extremely lightweight suitcase without compromising on strength or volume. Available in three sizes and a bold colour choice, Vivotec is the must-have for your next holidays.

- 100% polypropylene
- Super light and ultra strong thanks to PressPro Technology
- Fixed recessed TSA Lock for added security
- 360° Spinner wheels for smooth rolling comfort
- Maximum volume and protection
